## ILLUMINATIONS: Aleph To Tav

Award-winning artist Lynn Rae Lowe’s programming and traveling exhibit reveals ancient symbolism of the Hebrew aleph bet

OVER 7,000 FAMILIES around the world celebrate Hanukkah with Lynn Rae Lowe’s award-winning Festival of Lights menorah with the Dancing Sylphs®. Her metal art sculptures, tribute walls and intensely colorful Aluminations® and furnishings have made her internationally renowned, carried in galleries near and far. The prolific artist has turned the page to a new chapter – starting with the Hebrew letter Aleph.

Lynn Rae’s “ILLUMINATIONS: Aleph to Tav” collection and programming relates the Hebrew aleph bet to associated meanings in words, colors, numbers, water/earth/air/fire, astrological signs, planets and more – in more than three dozen ways.

APPEALS TO ALL AGES

“ILLUMINATIONS: Aleph to Tav” made its international premiere at the Tucson Jewish Community Center Gallery in November 2016. Reflecting a lifelong passion for researching ancient wisdom and symbolism, Lynn Rae Lowe’s exhibit and educational programming prompts adults and children alike to explore more than meets the eye. In addition to original works, she reveals layers of meaning in Hebrew words and letters through reinterpretations of the iconic styles of these master artists of the 20th century:
